- 12:12 am **CathRiordan:** @dididrama Woo Hoo! Hi Dara #gtchat
- 12:12 am **pamfr:** #gtchat Digital is awesome... takes handwriting out of the equation and lets kids learn when they're passionate.
- 12:12 am **DeborahMersino:** RT @eagledawg: #gtchat digital learning great for those w/access & \$ but I'm increasingly concerned about service to underserved. Digital divide is real.
- 12:12 am **CathRiordan:** I know kids with Aspergers often come to life and surprise everyone when given access to digital world #gtchat
- 12:13 am **DeborahMersino:** @didirmama - Welcome! Glad you're here. We're discussing digital resources/online learning programs benefiting #gifted. #gtchat
- 12:13 am **pamfr:** #gtchat Challenge w digital - how to give young kids freedom to roam (eg finding topics of interest on YouTube) wo exposure to everything
- 12:13 am **dididrama:** @CathRiordan Not sure I'll be much use but will give it a go! #gtchat
- 12:14 am **dididrama:** RT @pamfr: #gtchat Challenge w digital - how to give young kids freedom to roam (eg finding topics of interest on YouTube) wo exposure to everything
- 12:14 am **prufrockpress:** Digital learning's not just for kids, some time back, I wrote this gifted parent's guide to finding support <http://bit.ly/tCQcz> #gtchat
- 12:14 am **DeborahMersino:** @pamfr - Good point regarding dangers of surfing w/o a software like SafeEyes {which we like} #gtchat
- 12:14 am **dididrama:** Have been frustrated in past by lack of access to e.g. youtube in schools as it's such a great resource at times #gtchat
- 12:15 am **aposseadesse66:** @pamfr I agree, and also how to make sure roaming isn't distracting from tasks #gtchat
- 12:15 am **DeborahMersino:** @PrufrockPress - TY for link. Looking forward to reviewing. #gtchat
- 12:15 am **mommyperks:** @DeborahMersino I'm here...just taking a peek, watching and reading :-)
#gtchat
- 12:16 am **RobynOHSH:** @eagledawg Great point. More Universities and libraries should have gifted programs with access to free media. #gtchat
- 12:16 am **prufrockpress:** Kids currently have greater access to the Internet than traditional libraries. Access is increasingly not an issue. #gtchat
- 12:16 am **DeborahMersino:** Q2: What do you consider to be digital learning? Online courses, Web research, a #gifted wiki, more? Favorites? Recommendations? #gtchat
- 12:16 am **prufrockpress:** Teaching kids how to use that access for quality learning is a huge issue. #gtchat
- 12:17 am **CathRiordan:** @aposseadesse66 Not to mention the old facebook chatting etc. They need instruction on how to use these things. Banning not the key #gtchat
- 12:17 am **DeborahMersino:** @mommyperks - Glad to have you! We're discussing the Digital Divide and favorite digital resources for gifted learners. #gtchat
- 12:17 am **innervation:** Access is a challenge, but a second divide is that students are native users of technology while many adults are just learning. #gtchat

- 12:18 am **mommyperks:** @DeborahMersino Any of those things can be used as digital learning. I like my son to have a variety of options & to learn from all. #gtchat
- 12:18 am **RobynOHSH:** We use www.infoplease.com every day. #gtchat
- 12:18 am **shellie:** My frustration is my 10 YO wants nothing *but* digital. #gtchat
- 12:18 am **DeborahMersino:** Our world is moving. Stats I saw this week (will find and post later) show that children spend exorbitant amounts of time online. #gtchat
- 12:19 am **DeborahMersino:** RT @RobynOHSH: We use www.infoplease.com every day. #gtchat
- 12:19 am **eagledawg:** @prufrockpress I respectfully disagree; I'm a librarian and there are large rural areas within US (& world) still w/limited access #gtchat
- 12:19 am **RobynOHSH:** Mine, too. RT @shellie: My frustration is my 10 YO wants nothing *but* digital. #gtchat
- 12:19 am **aposseadesse66:** @innervation Absolutely, I can no longer keep up with my kids, they run rings around me online! #gtchat
- 12:20 am **mommyperks:** @innervation Good point. My son teaches ME many times :-)) I try to allow him to do that so he feels empowered by it. #gtchat
- 12:20 am **innervation:** @DeborahMersino I see digital learning to be any tech that moves beyond passive consumption & encourages engagement & synthesis. #gtchat
- 12:20 am **DeborahMersino:** @shellie - I hear you. Setting limits is challenging. My daughters would stay on all day if they could. #gtchat
- 12:20 am **CathRiordan:** Not all teachers are knowledgable. My kids get little or no exposure to digital learning in school. #gtchat
- 12:20 am **mommyperks:** Ditto. RT @shellie My frustration is my 10 YO wants nothing *but* digital. #gtchat
- 12:21 am **k_kaps:** Technology is an important detail to education. I've actually learned a lot of useful and interesting things online. #gtchat
- 12:21 am **dididrama:** @CathRiordan Funding is a huge problem. And lazy teachers. As a freelance teacher I often have no choice but to do without #gtchat
- 12:21 am **CathRiordan:** @innervation That's a nice definition #gtchat
- 12:22 am **innervation:** @shellie Indeed. My students know how to text, FB & email but can't address an envelope. #gtchat
- 12:22 am **pamfr:** #gtchat With young 'uns, it's about exploration & fun, like <http://www.poissonrouge.com> and <http://switchzoo.com/>
- 12:22 am **DeborahMersino:** I'm curious about online learning courses. Do any of you have students (2nd grade - HS) using online learning courses? #gtchat
- 12:22 am **k_kaps:** The Speed School at UofL requires a tablet computer for students, and I've seen teachers use them in interesting ways to help teach #gtchat
- 12:22 am **prufrockpress:** Nice, free teaching resource: "Wading Through the Web: Teaching Internet Research Strategies" <http://bit.ly/9L75Qh> #gtchat
- 12:23 am **dididrama:** As a teacher I can think of hundreds of things I could do if I had access but I don't. #gtchat
- 12:23 am **DeborahMersino:** @pamfr - TY for links. #gtchat
- 12:23 am **CathRiordan:** @dididrama Teacher training too. Beyond a certain age, many are afraid or uncomfortable with anything perceived to be technical #gtchat
- 12:23 am **DeborahMersino:** RT @prufrockpress: Nice, free teaching resource: "Wading Through the Web: Teaching Internet Research Strategies" <http://bit.ly/9L75Qh> #gtchat
- 12:23 am **shellie:** What kinds of game-based learning are your kids/students enjoying? #gtchat
- 12:23 am **aposseadesse66:** @DeborahMersino My kids, 4th, 6th & 8th grade all do online CTY/Ireland courses #gtchat

- 12:24 am **CathRiordan**: One of mine (15) doing online course with Centre For Talented Youth Ireland. Loves it #gtchat
- 12:24 am **eagledawg**: #gtchat For Q2 7yr loves @BrainPop (reg not jr for gifted 1st grade+), great intro gateway to subjects then we research more at home.
- 12:24 am **prufrockpress**: I also like this free set of lesson plans on teaching Internet research from Google: <http://bit.ly/19CrXD> #gtchat
- 12:24 am **shellie**: LOL! They don't need to! ;-) RT @innervation Indeed. My students know how to text, FB & email but can't address an envelope. #gtchat
- 12:25 am **DeborahMersino**: @aposseadesse66 Thank you for sharing. Is @CTYIreland expensive? #gtchat
- 12:25 am **DeborahMersino**: RT @prufrockpress: I also like this free set of lesson plans on teaching Internet research from Google: <http://bit.ly/19CrXD> #gtchat

- 12:25 am **RobynOHSH**: My son's Latin course is digital, via DVD. Not online though. #gtchat
- 12:25 am **prufrockpress**: @innervation People still address envelopes :) #gtchat
- 12:26 am **DeborahMersino**: I ask about cost, b/c with many gifted programs being cut, online learning courses may be one way to assist/support/challenge. #gtchat
- 12:26 am **aposseadesse66**: @DeborahMersino CTYIreland online courses cost about \$250-300 #gtchat
- 12:26 am **dididrama**: I'd love to offer online learning courses but have no idea where to start!! #gtchat
- 12:26 am **shellie**: Thanks, @eagledawg #gtchat Forgot all about @BrainPop
- 12:27 am **DeborahMersino**: That's not too bad (depending of course). RT @aposseadesse66 @DeborahMersino CTYIreland online courses cost about \$250-300 #gtchat
- 12:27 am **innervation**: @prufrockpress Excellent. With tech, it's not just finding information but being discerning and technology literate. #gtchat
- 12:27 am **mommyperks**: @aposseadesse66 How long does a course like that last? 6 weeks? Longer? #gtchat
- 12:27 am **aposseadesse66**: @DeborahMersino All government funding to CTYIreland was cut in our last budget in Ireland! Parents fund 100% costs #gtchat
- 12:28 am **DeborahMersino**: The #gifted students at my daughters' school doing EPGY eat Math/Language courses up...can't get enough. Hope it doesn't go away. #gtchat
- 12:28 am **DeborahMersino**: RT @aposseadesse66: @DeborahMersino All government funding to CTYIreland was cut in our last budget in Ireland! Parents fund 100% costs #gtchat
- 12:28 am **innervation**: @prufrockpress As a friend said: They'll learn to address an envelope when they start using Ebay. #gtchat
- 12:28 am **dididrama**: In fairness to Irish Dept of Ed emphasis is put on ICT in classroom for summer teacher training.I have to incl. as part of my course #gtchat
- 12:29 am **shellie**: We are doing more digital, as in our country "gifted" not supported. We use English-language materials, so always looking for ideas. #gtchat
- 12:29 am **dididrama**: Unfortunately it just isn't coming together #gtchat
- 12:29 am **DeborahMersino**: @dididrama - TY for clarifying. #gtchat

- 12:50 am **CathRiordan:** @mommyperks That's the conclusion I've come to unfortunately #gtchat
- 12:50 am **shellie:** @mommyperks Humble answer: You need to supplement. Unfair to teachers to expect them to be all, for all. #gtchat
- 12:50 am **eagledawg:** Have to pick up 7yr, great #gtchat! Thanks for coordinating @DeborahMersino & looking forward to transcript w/links :)
- 12:51 am **DeborahMersino:** @mommyperks - That's a big, but powerful question. If he's not being challenged, what other choice does one have? #gtchat

- 12:53 am **mommyperks:** @DeborahMersino Yes. I really needed a push 4 this. We want private/gifted school but can't afford it. So...I need 2 do more @ home! #gtchat
- 12:54 am **DeborahMersino:** @mommyperks - you are not alone. #gtchat
- 12:54 am **shellie:** Gifted programs don't exist in our country (except private schools). W/ asynchronous kid, must reinforce weak & enrich where strong. #gtchat

- 12:54 am **mommyperks:** @RobynOHSH I see...I have considered that - more recently. Thanks for your input!! #gtchat
- 12:54 am **innervation:** @DeborahMersino Technology is only as powerful as the imagination who uses it! Don't be afraid to bend (or even break!) it. #gtchat
- 12:54 am **mommyperks:** Glad to know that. RT @DeborahMersino @mommyperks - you are not alone. #gtchat
