- 4:33 pm **DazzlId:** This one is also great: <http://bit.ly/9DVS4P> #gtchat
- 4:33 pm **GiftedHF:** @GaryBrannigan #gtchat It seems to me tht #gifted kids are often more empathic than not. The 2e kids are more likely to need understanding
- 4:34 pm **DavidsonGifted:** @GiftedPhoenix Maybe I misunderstood. Thought you were talking about consistently inconsistent justice as determined by teachers. #gtchat
- 4:35 pm **GiftedPhoenix:** #gtchat GP junior exemplifies that not all friends need to be on the same intellectual plane if other interests in common...
- 4:37 pm **DavidsonGifted:** @GaryBrannigan Yes, as #gifted kids progress, theyre generally more exposed to intellectual peers thu dual enrollment/early college #gtchat

Transcript for #gtchat - What the Hasht...

DavidsonGifted: @GiftedPhoenix I do, sometimes every rigid perception of right and wrong does not fit with reality. Must talk about "grey areas" #gtchat

4:41 pm **GiftedHF:** @cybraryman1 #gtchat They are more segregated in school than if you #homeschool

4:42 pm **GaryBrannigan:** I agree about empathy, but I am concerned w/ how far it goes in interactions and perspective taking w/ younger kids@GiftedPhoenix #gtchat

4:43 pm **jofrei:** @GiftedPhoenix Agreed! that #gifted kids are often more empathic than not. #gtchat

4:43 pm **DavidsonGifted:** @GaryBrannigan There are a million summer opportunities out there for #gifted. This is a great way to find peers before collge. #gtchat

4:43 pm **GiftedPhoenix:** @DavidsonGifted #gtchat Pretty typically I think, interests are intense for 2 weeks and then change. Computer the only constant!

4:43 pm **cybraryman1:** @GiftedHF I don't understand how? #gtchat

4:43 pm **GiftedHF:** #gtchat You have to distinguish types of friendships <http://tinyurl.com/3ytkcdu> Higher stages require friend who can understand you.

4:45 pm **cybraryman1:** Kids are kids. I don't think one has more or less empathy. #gtchat

4:45 pm **DazzlId:** @GiftedHF Certainly reverse is true in Ireland. We have no specialist schools/programs etc for GT, Schools all mixed-ability here #gtchat

4:45 pm **GiftedPhoenix:** #gtchat @GaryBrannigan Ours will be the model father on the basis of how much he cares for younger kids. No siblings helps!

4:45 pm **GiftedHF:** @cybraryman1 Because they are artificially grouped by age & neighborhood. #Homeschool kids are out in the community every day. #gtchat

4:45 pm **DavidsonGifted:** @GiftedPhoenix Ah yes, the computer. A blessing & a curse. What did #gifted kids do b4 the PC? Must have had lots of spare time! Ha! #gtchat

4:46 pm **GaryBrannigan:** @GiftedHF I agree, especially the last part; Higher stages require friend who understands you! #gtchat

4:47 pm **DavidsonGifted:** @GiftedHF Great resource. Miraca has written extensively on friendships of #gifted kids. See: Play Partner or Sure Shelter. #gtchat

4:47 pm **jofrei:** @DavidsonGifted For Aus it is Winter holiday programs See link to holiday programs newsletter at www.giftedresources.org #gtchat

4:47 pm **cybraryman1:** @GiftedHF Who are they relating to? The other children are in school. #gtchat

4:48 pm **GiftedHF:** @DazzlId In US, school based on age/location. Depends on how mixed neighborhood. Physicists living next door to salesclerk? #gtchat

4:49 pm **GiftedHF:** @cybraryman1 They are relating to the many other homeschoolers, as well as adults of all ages. Why segregate by age? #gtchat

4:49 pm **DavidsonGifted:** This is a good one (In the kids' own voices) More than a test score: http://www.freepirit.com/catalog/item_detail.cfm?ITEM_ID=485 #gtchat

4:50 pm **GiftedPhoenix:** #gtchat I should confess that we both have fantasy NFL teams. We love the statistical challenge and now get to see a real NFL game too!

4:50 pm **GiftedHF:** @DavidsonGifted Not really -- kids are having trouble finding jobs because the economy stinks. Maybe volunteer... #gifted #gtchat

4:51 pm **GaryBrannigan:** Unless we want our gt kids to live on an island, they need to learn to balance standing out & fitting in. #gtchat

4:51 pm **DavidsonGifted:** We have about 10 minutes left. Final thoughts and/or ideas about how to handle the really tough teen/tween questions/issues? #gtchat

4:51 pm **cybraryman1:** RT @GaryBrannigan: Unless we want our gt kids to live on an island, they need to learn to balance standing out & fitting in. #gtchat

4:51 pm **GiftedHF:** @cybraryman1 Are you serious? Of course some people have more or less empathy. We are individuals. #gtchat

4:52 pm **GiftedPhoenix:** #gtchat that last was apropos the importance of sharing an interest with ones

- tween!
- 4:52 pm **cybraryman1:** Parents and teachers have to be there for their children/students and support their emotional and intellectual needs. #gtchat
- 4:53 pm **GiftedHF:** Duct tape! :-) RT @DavidsonGifted: Final thoughts and/or ideas about how to handle the really tough teen/tween questions/issues? #gtchat
- 4:54 pm **GiftedPhoenix:** #gtchat It's a good lesson that the really tough questions have no satisfactory answers (imho)
- 4:54 pm **cybraryman1:** @GiftedHF After school and weekends regularly schooled children are out in the community interacting with adults and children. #gtchat
- 4:54 pm **DavidsonGifted:** @GaryBrannigan Good point Gary. Too far in either direction (standing out/fitting in) can be unhealthy. #gtchat
- 4:55 pm **vaporofnuance:** RT @DavidsonGifted: This is a good one (In the kids' own voices) More than a test score: http://www.freespirit.com/catalog/item_detail.cfm?ITEM_ID=485 #gtchat
- 4:56 pm **jofrei:** @GiftedHF We loved homeschooling for the contact with people of all ages and interests! #gtchat
- 4:56 pm **GiftedPhoenix:** #gtchat I'm normally reticent about my personal experience - need to get back to a sound policy perspective next week!
- 4:58 pm **Dazzlld:** We need to be alert to our tweens and teens and hear what they may be saying behind their actual words. #gtchat
- 4:58 pm **GiftedHF:** RT @jofrei: My kids have been fortunate to have amazing #homeschool experiences that would be unavailable after school. #gtchat
- 4:58 pm **jofrei:** @cybraryman1 Thanks! I love your winter and snow page! <http://cybraryman.com/snow.html> #gtchat
- 4:59 pm **DavidsonGifted:** @cybraryman1 Can't overstate the importance of community involvement. This can turn kids from shy/introvert to confident/extrovert #gtchat
- 5:00 pm **GiftedHF:** Good point. RT @Dazzlld: We need to be alert to our tweens and teens and hear what they may be saying behind their actual words. #gtchat
- 5:00 pm **DavidsonGifted:** @Dazzlld So true! Listening is so much more important than talking when it comes to teens! #gtchat

- 5:01 pm **jofrei:** @Dazzlld I so agree! We need to be alert to our tweens and teens and hear what they may be saying behind their actual words. #gtchat
