- 5:12 pm **MaryStGeorge:** @EvaMayla many people think yes, creativity declines with age #gtchat

They notice things other don't want noticed. :) #gtchat

- 5:15 pm **DeborahMersino:** @brianhousand - So true! 100s of definitions exist. Challenge is it makes IDing and associative programming options tricky.... #gtchat
- 5:15 pm **brianhousand:** #gtchat Negatives are that creatives are often asked to function in an environment (schools) where creativity is not valued
- 5:15 pm **eshwaranv:** RT @Susannewith3: Q2: Being intensely curious...they ask questions many consider intrusive. They notice things other don't want noticed. :) #gtchat

Transcript for #gtchat - What the Hasht...

5:24 pm

**EvaMayla:** Q3: sometimes fostering creativity comes in unexpected ways. Lack of resources for some schools in #Mexico force... #gtchat

5:24 pm

**EvaMayla:** ... the students to come up with their own material to study. Not the best scenario though. #gtchat

5:24 pm

**asynschlrnsfnd:** @DeborahMersino Thanks, glad I could make it! (Electricians tearing apart half my house as I type!) #gtchat

5:24 pm

**MaryStGeorge:** ODS and GO have activities for children to choose and handle in their own way, with support #gtchat

5:24 pm

**Ijconrad:** @eshwaranver charter schools fill this void in our area. #gtchat

5:24 pm

**Susannewith3:** @ibdb2u I think both. I think if it were supported by teachers (you have to be creative) it would be easier to do so for students. #gtchat

5:24 pm

**DeborahMersino:** Q4: How many of you know of/are in school systems where Creativity is included in IDing (IEPs, ALPs)? #gtchat

5:25 pm

**GiftedPhoenix:** #gtchat We're about to enter a phase of returning to traditional curriculum - creativity won't be valued

5:25 pm

**asynschlrnsfnd:** Q3 Dare I say #homeschools tend to be exceptionally creative places? #gtchat

5:25 pm

**MaryStGeorge:** also use many activities that encourage lateral thinking, combining ideas, etc #gtchat

5:25 pm

**halleyrebecca:** @cybraryman1 Thanks for the links. Our teachers aren't sold on Twitter but they love the #gtchat resources I share each week.

5:25 pm

**micropreemies:** Q4: Nothing written in to our son's IEP about creativity. #gtchat

5:25 pm

**MaryStGeorge:** GO is online and is theoretically open to children from other countries, though we have not tried yet #gtchat

5:25 pm

**ibdb2u:** WA is working to include "demonstrated creative potential" in the definition of gifted statewide. Not without resistance. #gtchat

5:25 pm

**Ingennios:** @EvaMayla As a mother, what have you seen develops creativity on your kids #gtchat?

5:25 pm

**DeborahMersino:** @GiftedPhoenix - And with so much emphasis on state testing mandates in the US, creativity often gets pushed to wayside. #gtchat

5:26 pm

**Susannewith3:** Q4: Not sure. Dunno bout the schools function beyond what I hear from friends. I doubt it though. It wasn't when I was in school. #gtchat

5:26 pm

**GiftedPhoenix:** @Susannewith3 That sounds familiar! #gtchat

5:26 pm

**jofrei:** RT @asynschlrnsfnd: Q3 Dare I say #homeschools tend to be exceptionally creative places? Certainly! #gtchat

5:26 pm

**DazzlId:** Q3 My dd's school are quite good with creative writing and art, but not great with creative "personalities" like my dd! #gtchat

5:26 pm

**DeborahMersino:** I'd rather have Creative Learners come up with multiple answers/solutions rather than the perfect constructed response over and over #gtchat

5:26 pm

**Ingennios:** @micropreemies Q4: Nothing written in to our son's IEP about creativity. #gtchat Were are you from?

5:26 pm

**ibdb2u:** Includes new definition of gifted <http://t.co/o3cnwdH> #gtchat

**DrSmartEd:** RT @cybraryman1: Creative thinkers links on my Creativity page <http://cybraryman.com/creativity.html> #gtchat

5:26 pm

**EvaMayla:** Q4: Well the schools in our area that do include creativity are EXPENSIVE. We need to rely on programs like @Ingennios. #gtchat

5:26 pm

**micropreemies:** RT @Ingennios: @micropreemies Q4: Nothing written in to our son's IEP about creativity. #gtchat Were are you from?// CT

#gtchat

- 5:27 pm **Susannewith3:** @DeborahMersino agreed, every time agreed. #gtchat
- 5:27 pm **brianhousand:** #gtchat if schools are using creativity for ID then they have to begin providing creativity as part of the gt curriculum most not ready
- 5:27 pm **asynchschrfsnd:** Q3 also digital tech environments can be very flexible in fostering creativity - online global collaboration like @learnusa, et al. #gtchat
- 5:27 pm **ibdb2u:** RT @DeborahMersino: @GiftedPhoenix - with so much emphasis on state testing mandates in the US, creativity gets pushed to wayside. #gtchat
- 5:27 pm **GiftedPhoenix:** RT @ibdb2u: Includes new definition of gifted <http://t.co/o3cnwdH> #gtchat
- 5:27 pm **MaryStGeorge:** q4 we ask for work samples or other evidence of creativity from children as part of our screening process #gtchat
- 5:27 pm **eshwaranv:** RT @DeborahMersino: I'd rather have Creative Learners come up with multiple answers/solutions rather than the perfect constructed response over and over #gtchat
- 5:27 pm **megwhoffman:** @brianhousand / I've seen that. Creative kids thrown into advanced math to serve their needs. Huh?? #gtchat
- 5:27 pm **DeborahMersino:** Even at college level, top mathematics profs are noting that we're still drilling same questions, rather than delving into unknown #gtchat
- 5:28 pm **KateArmsRoberts:** Q4: Nothing in my area. #gtchat
- 5:28 pm **DazzlId:** Q4 Kids aren't generally ID'd for anything other than LD's in Ireland, no IEP's for gifted, and certainly not for creativity! #gtchat
- 5:28 pm **DeborahMersino:** @brianhousand - Great point regarding Creative IDing - and programming. So true. #gtchat
- 5:28 pm **Ingennios:** @micropreemies Interesting... you should contact Dr. Lisa Wright at Teachers College, she's an expert! #gtchat
- 5:28 pm **EvaMayla:** @Ingennios Give him alternatives and time to do things. I only let him be himself and creativity comes along :) #gtchat
- 5:28 pm **oddharmonic:** @DeborahMersino Creativity was considered in the gifted screening in our previous district (Carrollton-Farmers Branch ISD, Texas). #gtchat
- 5:28 pm **cybraryman1:** To live a creative life, we must lose our fear of failure #gtchat
- 5:28 pm **brianhousand:** #gtchat @megwhoffman yes ID must match programming no good IDing if you can't provide appropriate services
- 5:28 pm **Ingennios:** RT @EvaMayla: @Ingennios Give him alternatives and time to do things. I only let him be himself and creativity comes along :) #gtchat
- 5:29 pm **Susannewith3:** @DeborahMersino very true. Creativity works in my classes (Speech) but students generally don't exercise it. #gtchat
- 5:29 pm **DeborahMersino:** Q5: Do any of you know about the many Creative Testing options available? What do you recommend? #gtchat
- 5:29 pm **eshwaranv:** RT @DeborahMersino: Q5: Do any of you know about the many Creative Testing options available? What do you recommend? #gtchat
- 5:29 pm **Ingennios:** @EvaMayla Unfortunately in #Mexico, let the kids be themselves is a no no #fail #gtchat
- 5:29 pm **ibdb2u:** Some argue that creativity can't be measured, so you can't assign a percentile ranking to it and use it as a qualifier. #gtchat
- 5:29 pm **brianhousand:** #gtchat TTCT
- 5:29 pm **asynchschrfsnd:** Q4 Exceptional creativity is one of the reasons people choose to #homeschool #gifted kids vs. letting a trad environmt stamp it out #gtchat
- 5:29 pm **GiftedPhoenix:** #gtchat Q4 Some schools do a good job - but no recent national guidance

- 5:29 pm **DazzlId:** RT @cybraryman1: To live a creative life, we must lose our fear of failure// So true, so difficult too! #gtchat
- 5:29 pm **ibdb2u:** RT @brianhousand: #gtchat @megwhoffman yes ID must match programming no good IDing if you cant provide appropriate services #gtchat
- 5:30 pm **eshwaranv:** @MaryStGeorge Yes! I begin by making them discover their curriculum from outside their books and lead them into the unknown. #gtchat
- 5:30 pm **KateArmsRoberts:** RT @cybraryman1: Creative thinkers links on my Creativity page <http://cybraryman.com/creativity.html> #gtchat
- 5:30 pm **DeborahMersino:** @brianhousand. Still learning the acronyms. TTCT (Torrance?) #gtchat
- 5:30 pm **Ingennios:** Q5: We love portfolios! Those tests just tag people and we are all different! #gtchat
- 5:30 pm **asynchschrnd:** Q4 Also, @DavidsonGifted assesses creativity as part of its measures for all its programs, I believe (Young Scholars, Fellows, etc.) #gtchat
- 5:31 pm **DazzlId:** A lot of talk in Ireland about how creativity is going to be needed to get out of the economic mess we've created for ourselves. #gtchat
- 5:31 pm **cybraryman1:** RT @asynchschrnd: Q4 Exceptional creativity is one of the reasons people choose to #homeschool #gifted kids. #gtchat
- 5:31 pm **brianhousand:** @DeborahMersino #gtchat Sorry TTCT = Torrance
- 5:31 pm **DeborahMersino:** @Ingennios - Good point...regarding the inclusion of portfolios. #gtchat
- 5:31 pm **MaryStGeorge:** @eshwaranv our byllne at The Gifted Education Centre is "To Go Beyond the Known" #gtchat
- 5:31 pm **Ingennios:** RT @eshwaranv: @MaryStGeorge Yes! I begin by making them discover their curriculum from outside their books and lead them into the unknown. #gtchat

- 5:32 pm **DeborahMersino:** RT @MaryStGeorge: @eshwaranv our byllne at The Gifted Education Centre is "To Go Beyond the Known" <=LOVE #gtchat
- 5:32 pm **Susanewith3:** Q5: No. I will admit that I've yet to test my kids in any real way (oldest has had EOG), so I know nothing yet about the tests. #gtchat
- 5:32 pm **jofrei:** RT @Ingennios: Q5: We love portfolios! Those tests just tag people and we are all different! Yes portfolios are usefullor ID ing #gtchat
- 5:32 pm **Ingennios:** No homeschooling in #Mexico though, so any good ideas for schools are always welcome! #gtchat
- 5:32 pm **SOPerales:** RT @Ingennios: Q5: We love portfolios! Those tests just tag people and we are all different! #gtchat
- 5:32 pm **Ijconrad:** We always did this ourselves. Fortunate to live near world class museums and science ctr for classes. #gtchat
- 5:32 pm **DeborahMersino:** Sadly, most public schools in US do cater to legislative/executive functioning part of brain, as opposed to creative. #gtchat
- 5:32 pm **GiftedPhoenix:** @DazzlId Ireland has a great tradition of creativity...#gtchat
- 5:32 pm **KateArmsRoberts:** RT @asynchschrnd: Exceptional creativity is one of the reasons people choose to #homeschool #gifted kids #gtchat
- 5:32 pm **Ingennios:** @EvaMayla #homeschool is OK, but social skills are a must too! #gtchat
- 5:33 pm **Ingennios:** @EvaMavla Let's change the svstem! #gtchat

- 5:33 pm **halleyrebecca:** @Ingennios No homeschooling? #gtchat
- 5:33 pm **DeborahMersino:** @Ingennios - You bring up an excellent point about the social-emotional development of creative learners! #gtchat
- 5:33 pm **micropreemies:** RT @Ingennios: @EvaMayla #homeschool is OK, but social skills are a must too! #gtchat (Agree with this so much!)
- 5:33 pm **Susannewith3:** @Ingennios My homeschoolers have superlative social skills :) unsocialized homeschoolers exist, but so do kids in the public schools #gtchat
- 5:33 pm **ibdb2u:** @DeborahMersino Because \$ for gifted comes from legislation and requires people to have a score to report and compare to others. #gtchat
- 5:34 pm **cybraryman1:** My Digital Portfolios page <http://cybraryman.com/portfolios.html> #gtchat
- 5:34 pm **DazzlId:** @GiftedPhoenix Hope we can find it again so! It has been ECB'd and IMF'd out of us! #gtchat
- 5:34 pm **atxteacher:** Meeting ended early! Glad to join from Houston, Director of Advanced Studies in public school district. #gtchat
- 5:34 pm **MaryStGeorge:** @Ingennios I teach homeschooled and schooled children at One Day School and GO - social skills often better at home #gtchat
- 5:34 pm **DeborahMersino:** "Dabrowski's Theory of Positive Disintegration" best explains mental health challenges of creatives. Paradox/complexities. Important #gtchat
- 5:35 pm **Ingennios:** @SOPerales Portfolios are collections of kids/people work on which they reflect and learn metacognitive skills. #gtchat
- 5:35 pm **GiftedPhoenix:** #gtchat But isn't the divergent thinking valued in problem-solving contexts?
- 5:35 pm **halleyrebecca:** @atxteacher Welcome! #gtchat

- 5:35 pm **brianhousand:** #gtchat when I was a gifted coordinator we used the Williams Creativity Assessment Packet - much easier to score than Torrance
- 5:35 pm **atxteacher:** Dabrowski's work is essential to understand giftedness #gtchat
- 5:35 pm **MaryStGeorge:** @atxteacher welcome #gtchat
- 5:35 pm **DeborahMersino:** @atxteacher - Hooray! Glad you're here. We're in the midst of discussing ID methods and some of the social-emot challenges/creatives #gtchat
- 5:35 pm **Ingennios:** @MaryStGeorge I know! But you need experts to do that and we don't have them in #Mexico #gtchat
- 5:35 pm **jofrei:** @DeborahMersino @Ingennios Unfortunately sometimes creativity and intensity are mislabelled as immaturity #gtchat
- 5:35 pm **ljconrad:** @Susannewith3 Totally agree! :) #gtchat
- 5:35 pm **asynchschrfsnd:** Q5 Maybe already mentioned, but Robert Sternberg's Rainbow Project measures creative thinking as alt IQ measure <http://bit.ly/dNqlx7> #gtchat

- 5:36 pm **gfcfmomofmany:** @Susannewith3 We love #homeschooling@

<http://specialneedshomeschooling.com/?cat=74> my blog in part about gifted homeschooling #gtchat

- 5:36 pm **Ingennios:** @jofrei @DeborahMersino Indeed, that's why we have to advocate for both of them #gifted #gtchat
- 5:36 pm **cybraryman1:** RT @brianhousand: #gtchat when I was a gifted coordinator we used the Williams Creativity Assessment Packet #gtchat

- 5:36 pm **theboysstore:** Good morning everyone - just made it back - I'm so glad I won't miss the whole chat today :) #gtchat
- 5:36 pm **GiftedPhoenix:** #gtchat It feels to me as though there's almost something wrong in attempting to measure creativity.
- 5:37 pm **DeborahMersino:** Q6: How can WE (parents/educators/counselors) best support our Creative Learners? What's worked/what is working? What's important? #gtchat
- 5:37 pm **DeborahMersino:** @theboysstore - Happy to have you here! #gtchat
- 5:37 pm **theboysstore:** RT @DeborahMersino: Q6: How can WE best support our Creative Learners? Whats worked/what is working? Whats important? #gtchat
- 5:37 pm **asynchschrfsnd:** Social skills get worked overtime in homeschool! They joke it's "carschool" RT @Ingennios: @EvaMayla social skills are a must too! #gtchat
- 5:37 pm **atxteacher:** A few school districts around Houston use Torrance Test of Creative Thinking in their gifted ID. Just one of several measures. #gtchat
- 5:37 pm **DeborahMersino:** @GiftedPhoenix - You're not alone. Some say we should reform schools so that we simply bring out creativity in all. #gtchat
- 5:37 pm **PiecesOLearning:** Education Week: Strong Parenting Is Key to America's Future <http://t.co/e0LXoP9> via @educationweek #education #gtchat
- 5:37 pm **eshwaranv:** @DeborahMersino As a teacher, I give my students time to think, collect their ideas and express them. Listening to them is the key. #gtchat
- 5:38 pm **ibdb2u:** Q6: It's ok to fail. Perfectionism and creativity can be a stressful combination. #gtchat
- 5:38 pm **GiftedPhoenix:** #gtchat So divergent thinking of creative learners could be very valuable in teams or groups working together
- 5:38 pm **DeborahMersino:** @GiftedPhoenix - I agree/but do want our highly creative learners to feel challenged/supported in schooling environs. #gtchat

- 5:38 pm **EvaMayla:** So creativity can be measured. I need to learn more about that, it seems kind of counter-intuitively to measure the unexpected. #gtchat
- 5:38 pm **atxteacher:** @DeborahMersino @GiftedPhoenix Agreed. Creativity is a missing piece for ALL students #gtchat
- 5:38 pm **Ingennios:** Q6: Let them explore the world and discover it through their own eyes, inquire about what they see/feel, let them be proactive #gtchat

Creativity must be valued, not ridiculed. #gtchat. !!! #gtchat

- 5:38 pm **DeborahMersino:** @eshwaranv - Listening - perhaps the most potent tool of all for this group. Especially bc they have SO much to say! So true! #gtchat

- 5:39 pm **Ingennios:** @EvaMayla It can be measured but those measurements are just the beginning of something huge #gtchat
